

OTHER RESEARCHERS

IN MICROBIOLOGY DIVISION

OLUKOSI Adeola (PhD)

Research interest:

Senior Research Fellow

EGBUNA Kathleen Nneka (PhD)

Research interest:

Senior Research Fellow

Studies on The Relationship Between Oxidant Stress, Antioxidants And The Progression of Type 2 Diabetes in Lagos State, Nigeria.

Studies on the optimization of the protein value of Wheat/Cassava bread-Mix by Supplementation with The Limiting Amino-Acids.

IWALOKUN Bamidele (PhD)

Research interest:

Senior Research Fellow

Malaria

Immunogenetics

OKOH Hilary

Research interest:

Research Fellow II

Plant-Derived natural product research.

Entomology (malaria vector)

Pesticide Science

AINA Oluwagbemiga O

Research interest:

Research Fellow II

Clinical Trial / Pharmacokinetics of Antimalaria drugs (ACTs)

AGOMO Chinmere

Research interest:

Research Fellow II

OROK Bassey

Research interest:

Junior Research Fellow

Malaria
